

THE CHEROKEE STRIP.

Secretary Hoke Smith Preparing for the Opening to Settlers.

WASHINGTON, D. C., March 16.—Active preparations are about to be begun by Secretary Hoke Smith for opening the Cherokee strip under the provisions of the Indian appropriation act ratifying the agreement with the Cherokees. The preliminaries to be observed prior to opening the outlet to settlement by proclamation of the President will consume considerable time. Seventy allotments are to be made to Indians who were bona fide residents of the strip prior to November, 1891, and engaged in farming, and the strip is to be opened to settlement under the provisions of the act to organize Oklahoma territory.

These allotments are to be confirmed by the secretary of the interior before the strip can be opened and a list of them published for the protection of the settlers. Rules and orders regulating the occupation and settlement must be prescribed and published twenty days before the issuance of the President's proclamation. Settlers are required to pay \$2.50 per acre for land east of the 97th parallel, and \$1.50 per acre for land taken between the 97th and 104th parallel, with 4 per cent interest from date of entry to date of final payment. The act provides for school reservations of sections 16 and 36, and also for such other reservations as the President may determine.

DECLINE TO TALK.

But it is Believed That Mr. Blount Will Go to the Rush to Hawaii.

WASHINGTON, D. C., March 16.—Secretary Carlisle this morning declined to affirm or deny the statement that the revenue cutter Rush, at San Francisco had been ordered to hold herself in readiness to carry Mr. Blount to Hawaii. It is unofficially stated, however, that the revenue cutter will be placed at Mr. Blount's disposal on his arrival, and unless arrangements can be made for the Pacific Mail steamer which sails for China on the 23d, to touch at Honolulu, Mr. Blount will sail on the Rush. It will take that vessel about a week to make the trip. The supposition that the Rush has been ordered for this duty receives confirmation from the fact that revenue marine officials who three days ago denied positively that any orders to this effect had been given are this morning dumb as oysters on the subject.

"FREEDOM" IN THE SOUTH.

A White Family Driven from North Carolina Because a Daughter Taught a Negro School.

MARION, N. C., March 16.—B. W. Crow and family have been driven from the town of Nebo by anonymous threats, destruction of their property and fear of assassination. Crow is a white man and his daughter taught a school for negro children. On Saturday night the school was overturned and destroyed. Mr. Crow has received anonymous letters, threatening him with death unless he left town before April 1. He departed yesterday. The better class of citizens are indignant over the outrage and are making efforts to discover the guilty parties.

LYNCHED IN A HALL.

Alabamians Hold a Grim Entertainment With a Negro as Chief Actor.

MONTGOMERY, ALA., March 16.—Residents of Brundidge hanged Tom Brunson, colored, last night at Munn's Hall. Monday afternoon Brunson went to the house of Charles Senu, near Brundidge, ostensibly to see Mr. Senu. Mrs. Senu met the negro at the door and told him her husband had gone away for the night. As she turned to go back into the house the negro followed her. Following her to the floor with a big stick he criminally assaulted her, leaving her in an unconscious state. The deed was run down and lynched by a mob. In the search for Brunson another criminal assassin was caught and it is supposed he was lynched too. His crime was committed in an adjoining county.

The Swede Found.

CLEVELAND, O., March 16.—Andrew Johnson, the Swede who disappeared from a Fort Wayne train between Chicago and Pittsburgh, was found wandering near Massillon, Ohio, to-day. He was in a dazed condition and badly injured. After coming to himself he said that he was robbed by two men on the train as he was passing with them from one car to another and thrown from the platform. The robbers took all but \$13 of the money Johnson had when he left Chicago.

A Serious Wreck.

PORT JERVIS, N. Y., March 16.—The east-bound passenger train No. 12, was run into by No. 10, another passenger train, at Larkawaken, twenty-five miles west of Port Jervis, at five o'clock this morning. The rear Pullman sleeper was demolished and ten passengers, the occupants of the coach, were injured, some of them seriously. The other cars were damaged, but no passengers in them were hurt. They were shaken up badly by the shock. The injured persons were brought here and placed in the hospital.

Mysterious Murder.

CHICAGO, March 16.—Joseph Bana, a father, was found at the corner of May and Walsh streets late last night with his head split open with an axe. He was unable to tell who had assaulted him and died in the patrol wagon while being conveyed to the hospital. It is supposed that he was killed by some laboring men with whom he had been quarreling early in the evening.

A Turn Hall Burned.

PATTERSON, N. J., March 16.—Turn Hall, a building covering half a block, was totally destroyed by a fire this morning. Four persons were injured and it is believed that two of them will die. The loss is roughly estimated at \$75,000. The men who were injured are firemen. They were caught in the building when the walls collapsed.

No Hope for Harris.

NEW YORK, March 16.—Recorder Smythe has refused to grant a new trial in the case of Carlyle Harris who is under sentence of death for poisoning his school girl wife, who was Helen Potts. There is now no hope for Harris save from the governor or President.

Russian Jews Retaliating.

LONDON, March 16.—The London Russo-Jewish committee has sent to every Jewish banker and bank director, bank manager, stock broker and agent de change in Europe a passionate appeal to combine in boycotting Russian loans and in boycotting the trade in Russian securities generally. The appeal is significant in connection with the fact that the Russian government has just issued a ukase providing for an internal loan and that Russian bankers are endeavoring to extend their re-

lations with money centres outside of Russia. Owing to the leading position of the Jews in the money market of Europe it is expected that the appeal, if complied with, will virtually drive Russian securities of all kinds out of those markets and work great disaster to Russian industrial enterprises. The appeal is in retaliation for the continued severity of the czar in dealing with the Jews.

THOSE COUNTERFEITERS.

Three of Them Still in Jail—The Coin They Made Very Deceiving.

PARKERSBURG, W. VA., March 16.—Three of the Ballouville counterfeiters are still in jail here—Kunes, Burdett and Beaver. The money coined was half dollars, quarter dollars and nickels, and were fair representations of the denominations called for. The molds and some of the money were found in a cave in a hillside back of Belleville, this county. One of the half dollars, it is said, passed through one of the banks of this city without being detected.

It is not known how much of the stuff was made, but the hucksters, drovers and poultry dealers are considerably worried at the outlook. The families and connections of the parties implicated, all of whom are respectable and some of them wealthy, are plunged into great grief and trouble over the sensational disclosures.

Failure at Parkersburg.

Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., March 16.—The millinery establishment of M. J. Sigler was closed to-day by Sheriff Dudley on executions issued by Ammons, Stevens & Co., of Baltimore, on a debt of over \$3,000. Sigler was a leader in his line and was thought to be doing good business.

THE GERMAN ARMY.

The Bill Discussed—An Amendment from the Liberals Rejected.

BERLIN, March 16.—The committee of the Reichstag on the army bill discussed the second reading of the bill to-day. Herr Boonigsen, on behalf of the National Liberals, proposed that the effective force of the army in time of peace should be fixed at 462,070 infantry, to serve two years with the colors and five in the reserve, the cavalry to consist of 465 squadrons, the field artillery to consist of 31 battalions, the pioneer battalions to number 20, and cadra, or skeleton battalions of infantry to be formed to the number of 123, only for a period, for which a term of two years' service should be fixed.

Chancellor Caprivi admitted that the proposal implied a recognition of the general principles of the bill, but would not suffice, for the needs of the German empire. Regarding the means of meeting the increased outlay the government, the chancellor said, was prepared to entertain fresh proposals, but could not accept Herr Boonigsen's amendment.

Herr Richter introduced an amendment fixing the peace footing at 486,988 from October 1, 1893, to March 31, 1895. This would substantially continue the present peace footing for a longer period as under the law of July 15, 1890, to continue in force to March 31, 1894; the peace strength of the army is 486,983 men, besides officers, surgeons, paymasters, etc. The debate was adjourned.

ASSASSINATION PLOT.

Discovered and Frustrated—Trouble With Great Britain Brewing.

PANAMA, COLOMBIA, March 16.—Word has just been received announcing that a plot to assassinate Dictator Rodriguez, of Costa Rica, in San Jose, has been unearthed. Forty leading Costa Rican Liberals are implicated in the plot, all of whom have been arrested and put in prison.

The Colombian authorities are endeavoring to arrest Gen. Sandoval, who was captured by Gen. Vasquez and expelled from Honduras. Sandoval was on his way to join the revolutionary forces under Bonilla. He says he intends to sail for La Guayra on the first steamer if a safe conduct is granted him.

"Late news from Bogota confirms the information recently cable concerning the growing unpopularity of the British minister. News has just reached here from Trinidad that Governor Sir Frederick Napier has semi-officially protested against the West Indian colonies being longer "whedled" out of money for the imperial defense unless they are given representation in the British parliament.

The President of Ecuador gave a banquet in Quito last night to United States minister Mahoney, who will start for the United States to-morrow.

Salisbury Ill.

LONDON, March 16.—The Marquis of Salisbury, ex-premier and leader of the Conservatives, is suffering from a severe attack of influenza. As the marquis is a vigorous man of 63, no serious result is apprehended. Mr. Gladstone has sent a courteous inquiry as to the health of his leading political antagonist.

An Unknown Vessel Lost.

LONDON, March 16.—An unknown vessel has foundered on the west coast of Jutland on the mainland of Denmark and a number of corpses with wreckage is strewn on the shore. Five hundred petroleum casks are among the wreckage cast on shore, and indicate that the vessel was in the petroleum trade.

Gladstone All Right Again.

LONDON, March 16.—Mr. Gladstone is recovering from his indisposition and is progressing so satisfactorily that no more bulletins will be issued as to his condition of health.
